

Carsington Fishery Report

10

17th June 2013

Yet again another good week of fishing with the rod average still above 6. For the next 3 weeks you can fish until 10pm which makes the afternoon and evening permits well worth while.

Looking forward to this weeks bookings with several clubs returning for their annual competition.

Excellent evening fishing conditions

Method & Flies

The most popular fly patterns used this week have mainly black buzzers other popular patterns were daiwl bach, bibio, olive damsel, hot head damsel and orange blob. Mostly floating lines have been used this week.

Catch Returns – Please help!

Don't forget to complete your catch return when you've finish fishing. There is a catch return box and pen near to the life jacket rack outside the fishery. These returns help us to find out how it is fishing on a daily and weekly basis so without your information we can't pass on the best locations and top tips to our customers. They also help to record of how many fish are caught and taken which helps with our all important stocking levels! If you are not sure how to fill in your return then catch one of our staff and they will give you a hand.

Boats can leave the jetty from 8.30am

All boats are back to the jetty by 10.00pm

Please allow a few minutes to return from your fishing spot

Please note that Carsington is a boat fishing water only. It is advisable that boat bookings are made in advance to avoid disappointment. Discounts are available for bookings of 5 or more boats.
